Thank you, for making the difference...

Dear Member,

This year the Democratic Women of Randolph County are one of the few organizations who stand between making a difference here in our county to letting our community sink further into disarray. The GOP on a local, state and federal have proven more times than I care to count, how they are not prepared to govern. We need, now more than ever, this group of amazing women (and a few good men) to continue to strive to promote our Democratic values and elect Democratic candidates. How we continue to accomplish those goals today and long into the future begins here, with this letter.

Your support by maintaining your membership or becoming a new member will make the difference in how successful we will be in the coming years. Eleven dollars of your paid membership, stays here in Randolph County. The other four goes to the Democratic Women of NC; making your entire contribution for local elections and those run on a state level crucial to electing Democratic Candidates.

Please join today, don't wait.
Sincerely;

Abbie Holder
President, DWRC
